Hi Calvin,

Thanks for sending this over. Janet and I will coordinate ORC's response.

As a heads up, we will need to get the Public Notice translated into Spanish. Based on the EJ Screen Report, this is a linguistically isolated community where the primary language spoken at home is Spanish. Nearly 7,000 of the 10,000 residents speaks English "less than very well." We should also discuss ways to conduct outreach to the local communities and see what supporting material that would be good to distribute, if any.
